Campaign of Cleanliness

Order of Street Commission Is Being Obeyed
Forward Movement all Along the Line.
State and National Campaign.

The week of cleaning up the town was begun in earnest Monday and is progressing in a highly satisfactory manner. By the phrase "in earnest" we mean that the movement has become general. A good many public-spirited citizens did not wait for the day appointed by the authorities but had already put their premises in thorough sanitary condition but the work now going on is more systematic and thorough.

It is the earnest wish of the authorities to avoid, if possible, compulsory measures to enforce the law, but the order contains a plain declaration of their purpose to deal with delinquents, should there be any such, as they deserve.

This campaign for cleanliness is being carried on aggressively in every part of Texas. Our exchanges, both daily and weekly, with scarcely an exception, are giving a large share of attention to it. A few days ago State Health Officer Brumby proudly announced that Texas is already the cleanest State in the Union. Other States, however, are doing good work and there is reason to hope that the time will soon come when Americans will no longer be put to shame in this respect by the heathen Japanese.

This wide spread crusade in behalf of cleanliness is the result of increasing knowledge. Science has demonstrated what experience had long taught: That dirt and disease are inseparable. Deadly microbes and bacilli lurk in cesspools, in closets and in neglected corners where trash

is permitted to accumulate. Every pile of decaying vegetation, every pool of stagnant water, every body of a dead animal and every accumulation of animal remains is a breeding place for disease germs. These germs are conveyed by mosquitoes, flies, fleas and other vermin. The germs and vermin all find congenial homes in dirt of any kind, hence if there were no dirt they could not exist. To sanitation the old proverb was first applied that "an ounce of prevention is better than a pound of cure." Sanitation is yet in its infancy but it has already lengthened the average duration of human life nearly ten years.

There is also an esthetic side to this subject. Dirt is ugly, repulsive, loathsome; cleanliness is beautiful, attractive, lovable. Every person of refinement shrinks instinctively from contact with an untidy person or from remaining in an unattractive place any longer than may be necessary. Nature is bountiful. With our genial climate and fertile soil all we need to do is to regulate the natural forces at our disposal. If we do this intelligently nature will do the rest.

Cleanliness is, moreover, a moral issue. No man has a right to maintain or to tolerate on his premises that which will cause his neighbor to suffer. It is not only a civic but a religious duty to keep clean. John Wesley, than whom a greater moral reformer never lived, esteemed cleanliness as one of the christian graces of the highest rank, placing it next to godliness.

CUT IN LEFT SIDE.

Affair Brought About by Previous Difficulty.

Waco, March 17.—As a result of the fight the day of the anti-Bailey meeting here between Representative A. M. Kennedy and P. H. Carnes, a traveling man, there was a fight Tuesday between Tom Blair, son of the late Captain T. A. Blair, in which Mr. Blair was dangerously cut in the left side. The affair was brought about over a discussion in which it was asserted that Mr. Kennedy, who is an ardent Bailey man, was wearing an anti-Bailey reception badge the day the convention was held, claiming he did so as a citizen of Waco and not as a partisan either way. Carnes gave bond. Previous to the cutting the parties had a fist fight.

GRESHAM BEFORE COMMITTEE.

Asks Couple of Appropriations For Improvements at Galveston.

Washington, March 17.—The house committee on appropriations has begun repairing urgency deficiency bill, Colonel Gresham appeared before the committee to ask \$700,000 for the extension of the jetties under the authorized contract and \$345,000 for the barracks recommended by fortifications board at Galveston. Galveston shared the fate of all eastern seaports and gets nothing in the fortifications bill for seawall protection or forts.

On assurances of a favorable report by the military affairs committee Representative Slayden introduced a bill to donate to Albert Sidney Johnson camp of Confederate veterans of San Antonio obsolete Springfield rifles, bayonets and scabbards. If the bill passes will set a precedent for thus equipping all Confederate veteran camps.

Representative Stephens had passed in the house a bill opening all Indian lands except those of the Five Civilized Tribes for mineral development.

SOME INCOMPLETE.

State Tax Board Commission Calls For Additional Information.

Austin, March 17.—The state tax commission held a meeting Tuesday morning for the purpose of examining reports as to railroad valuations that have been received during the past ten days. As some of the reports were incomplete the board decided to send out letters at once to most of the roads calling for additional information. When this additional information is obtained the board will then proceed to make preliminary estimates as to the values for this year.

John T. Smith, chief clerk in the comptroller's department, will, it is understood, tender his resignation to Comptroller Stephens in a day or two. Mr. Smith resigns for the purpose of engaging in private business at Austin.

Robbers Arrested.

El Paso, March 17.—A telegram from Juan A. Creel, manager of the BZanco Minerio of Chihuahua, Mex., to the local branch of that bank, says that the robbers who recently secured \$295,000 from the bank have been arrested and that the stolen money has been located, but not yet recovered.

ACTIVITY AT DENVER.

Names of Bryan, Gray, Chandler and Johnson to Be Presented.

Denver, March 17.—Active political work on the nomination for president and vice president before the Democratic national convention, which meets at Denver July 7, has already begun at this city. Headquarters have been rented at leading hotels and political workers are on the ground looking after the interests of the men they represent. Prominent among those who have been mentioned in connection with the presidential nomination, are W. J. Bryan, George Gray of Delaware, Stuyvesant Chandler of New York and Governor Johnson of Minnesota. Their friends already here in their interest state positively that their names will go before the convention as nominees. Other candidates for the nomination are mentioned, but none of them appear to have developed much strength.

The attitude of the delegation from Colorado is attracting a great deal of interest. The argument is made that because the convention is to be held in this state the Colorado delegation should go into the convention unopposed. For this reason it is probable Colorado's delegation will be left free to vote for whatever candidate it chooses.

EVANS TO RETIRE.

Will Haul Down His Flag Upon Fleet's Arrival at Frisco.

San Francisco, March 17.—A special dispatch from San Diego contains the news of the announcement by Rear Admiral Evans, commander of the Atlantic fleet, that upon his arrival at San Francisco he will retire from command because of ill health. This announcement officially confirms a report from Washington that Admiral Evans will haul down his flag upon his arrival at the California metropolis.

EVANS' SUCCESSOR.

Next to "Fighting Bob" In Seniority Is Rear Admiral Thomas.

Washington, March 17.—At Admiral Evans' personal request he will be relieved of the command of the battleship fleet on reaching San Francisco. Rear Admiral Thomas next in seniority, will succeed Admiral Evans in the command of the fleet. It has not yet determined whether Admiral Thomas will bring the fleet around the world to the Atlantic station or not. It is expected this detail will be decided shortly.

Costly Partridge Killing.

Waxahatchie, Tex., March 17.—In county court W. H. Hogan entered a plea of guilty of killing one partridge out of season. Fine and costs foot up \$31.

Sent Up For Life.

Houston, March 17.—Andrew Green was convicted on charge of killing Nan Dubois and given life sentence.

Elgin Butter Sales.

Elgin, Ill., March 17.—Butter sales the past week were 435,000 pounds.

THE REASON WHY.

The fact that the Democratic primary to nominate candidates for city offices was not held yesterday pursuant to call has elicited considerable discussion of the situation. In so far as the Eagle has heard an expression there is some surprise and general regret that the matter was allowed to go by default. There is a variety of opinions as to why it is as it is. Most of the business men approached on the subject believe the fundamental reason is lack of interest in public affairs. There has been some question as to whether the committee had strictly complied with the law in issuing the call, but this question was not raised until after the time for filing names of candidates had expired, therefore it did not affect the result. The plain fact seems to be that nobody cared for the offices enough to take the trouble and incur the expense of placing their names on the ticket.

Nobody can blame any man for not seeking an office. It is unquestionably true that the salaries and perquisites pertaining to the city offices are not large enough to tempt a business man to seek them for that consideration; any man competent to discharge the duties of mayor or alderman can use his time and efforts in his own business more to his own pecuniary advantage.

But there ought to be, and doubtless are, in Bryan quite a sufficiency of men well qualified for the duties of mayor and aldermen, who would be willing to serve for the public good if they can be elected without trouble and expense to themselves. The regular election is due to take place on the second Tuesday in April. It is up to the people of Bryan to decide what they are going to do about it. It goes without saying that the prosperity and welfare of the city depends to a greater extent upon the city administration than upon any other agency. There is a noble opportunity here for public spirited, progressive men to do a grand work. Since the man does not seek the office, the office must seek the man. The Eagle is not advised as to whether or not any or all of the present administration would serve if re-elected, and makes no suggestion on that line. What the Eagle does insist on is that whatever steps may be necessary shall be taken to secure an efficient city administration.

POLITICS AND POLITICIANS.

Thomas T. Crittenden, Jr., son of T. T. Crittenden, former governor of Missouri, is the Democratic nominee for mayor of Kansas City.

James H. Higgins, the Democratic governor of Rhode Island, says that in his opinion the Republicans of his state are inclined to favor Hughes for the presidency.

Quite a number of Democrats of New York City are of the belief that Morgan J. O'Brien is to be nominated for mayor next year.

Senators Crane and Lodge, ex-Governor John L. Bates and John D. Long, former Secretary of the Navy, comprise the latest slate for delegates-at-large from Massachusetts to the Republican national convention.

Charles F. Murphy, the Tammany leader, has determined, according to those in his confidence, that neither W. Bourke Coegran nor Francis Bur-

ton Harrison shall be renominated for Congress next fall.

The Taft workers may make a new move for the delegates from Vermont as a result of the death of Senator Proctor. It is probable that some aspirants for the senatorship will seek the aid of the Administration and of the Secretary of War toward furthering their ambitions.

The Connecticut Republican State convention this spring promises to be one of the most interesting held in the Nutmeg State in a number of years. Contrary to custom the two United States Senators are to go as delegates to the Republican national convention. The State convention will meet at Hartford in May.

Among the prominent Democrats whose names are mentioned in connection with the gubernatorial nomination in New York this fall are Supreme Court Justice James A. O'Gorman, Supreme Court Justice Keough and D. Cady Herrick, who was formerly a Supreme Court Justice.

An appeal has been issued by the colored campaign vigilance committee to the negro voters of the Southern States to bring about the election of delegates to the Republican national convention at Chicago who will cast their votes for Senator Foraker for the presidential nomination.

It has been the custom of Delaware Republicans for years past to send their delegates to the national convention uninstructed. Senator DuPont, one of the most prominent of the party leaders, is authority for the statement that the same rule probably will be followed this year.

Charles F. Brooker, Republican national committeeman from Connecticut, says that he does not intend to

seek re-election as national committeeman from his state, and will in all probability retire from politics this year. Mr. Brooker has been active in Republican national politics for many years.

The Republican and Democratic State conventions, both of which are to be held in Harrisburg in May, will nominate candidates for the Superior Court in addition to choosing delegates-at-large to the national conventions. The Republican convention will meet April 29, and the Democrats about one week later.

The recent death of Senator Proctor of Vermont caused the fifth vacancy in the Senate within a year. Senators John T. Morgan and Edmund W. Pettus of Alabama died in the vacation of Congress and Senator Stephen Mallory of Florida and Senator A. C. Matimer of South Carolina have died since Congress met in December.

The Eagle was in error yesterday in stating that the masquerade drill would be given on Friday night, March 27. It will be at the rink Saturday night, March 28th.

Mrs. J. W. Driver had the misfortune to fall from the gallery at her home yesterday morning and sustain a painful injury. We are pleased to note that she is not hurt seriously.

COLLEGE WOMEN IN SESSION.

Winston-Salem, N. C., March 17.—The first annual meeting of the Women's College Association of North and South Carolina began at Salem Academy here this afternoon and will remain in session three days. Nearly twenty institutions are represented at the meeting by their presidents or other members of their faculties.

IN HONOR OF MISS McINNIS.

Mrs. J. W. Howell entertained yesterday at one-thirty with a very handsome and elegant eight course luncheon in honor of Miss Lilla Graham McInnis, whose approaching marriage to Mr. Bryan has already been announced. The dining room was a dream of loveliness, the color scheme being a blending of green and white, the center pieces of the table were two beautiful slippers resting on a glass reflector and filled with gorgeous white carnations and ferns while the place cards were tiny silver slippers, on each of which was inscribed a toast to either the bride or groom. At each plate was placed carnations and ferns which served as souvenirs for the guests. At each end of the table was placed a silver candelabra, holding green candles with pretty shades which threw a mellow glow over the table.

The guests were:
Misses Lilla Graham McInnis, Nellie Batte, Miss Seal of Benchley, Miss Malcolm McInnis, Miss Grace Norrell of Houston; Mesdames, W. C. Davis, Frank Webb, E. J. Kyle of College, Mrs. D. D. Eastman of Italy.

REVIVAL MEETING.

Rev. S. L. Morris of Alvord Will Arrive Sunday Morning and Begin Services.

The members of the Free Baptist church may deem themselves fortunate because of the fact that Rev. S. L. Morris of Alvord, has consented to come to Bryan and conduct a series of revival meetings for them.

Brother Morris is well known here and has friends at this place having served the Free Baptist church here as pastor, together with Kurten, Welborn and Brightlight in the same capacity.

He is expected to arrive on the early Sunday morning train on the 22, and begin the services at 11 a. m.

It is not known how long Brother Morris will stay here but it is to be hoped he will remain long enough to visit the country churches. At least they will have an opportunity to come and meet with him.

IOWA REPUBLICANS FOR TAFT.

Des Moines, Ia., March 17.—Delegates and visitors to the Republican State convention are already arriving in the city in considerable number. The attendance of visitors promises to be unusually large. A gathering of the Republicans of Iowa almost always means an interesting political contest, and the State convention tomorrow will certainly prove no exception to the rule.

Politics in the Hawkeye State this year will reach the boiling point. In addition to the contests incident to the presidential election this fall the State is to choose a governor and other officials and a legislature that will have the choice of a United States Senator to succeed the venerable Allison. Under anything like normal conditions Iowa is anchored safely in the Republican column and naturally the political wheel whirls most intensely about the Republican party. The bitter fight between the "progressive" and the "stand-pat" factions of the Republican party has aroused a feeling of hope in the Democratic breasts, which tends to further enliven the political situation.

The convention tomorrow will choose delegates-at-large to the Republican national convention. In June a second convention will be held at Waterloo to select a State ticket. The rivalry of the two factions, has become so acute, however that the senatorial and gubernatorial contests will figure in no small degree in the proceedings tomorrow. Already the hotel lobbies are filled with the party leaders from over the State and a strenuous button-hole campaign is being pursued in the interests of one or the other of the factions.

Iowa is practically conceded to Taft, because the Republican leaders of both factions, or a large majority of them at least, have endorsed his candidacy. The so-called progressive element hastened to announce themselves for the Secretary of War in order to head off the Shaw boom, while most of the "stand-pat" leaders have been favorably inclined towards the Taft candidacy from the start.

The main contest now seems to be which faction will control the Taft delegation to Chicago. The senatorial issue between Cummins and Allison is not involved, but the two factions are fighting for the control of the convention, believing the outcome may have an important bearing upon the senatorial primaries to be held in June. The State convention will be composed of 1,183 delegates, of which number the Allison forces today claim to have a clear majority. The division is even enough, however, to assure a lively contest on the convention floor. Attorney General H. W. Byers, as temporary chairman, will call the convention to order at 11 o'clock tomorrow morning.

BIRTHDAY OF PRINCESS PATRICIA

London, March 17.—Princess Patricia of Connaught, whose reported betrothal to the Count of Turin has recently attracted much public attention, was twenty-two years old today, having been born on St. Patrick's day, in 1886, and receiving the name of Patricia in consequence.

Princess Patricia is the daughter of King Edward's only living brother and she has recently been spoken of as the handsomest member of the English royal family. She has more than once been reported engaged to this or that member or royalty, among the number being King Alfonso of Spain, who later wedded her cousin, Princess Ena of Battenberg. The London papers have recently been filled with stories in regard to her reported betrothal to the Count of Turin, who is first cousin to the King of Italy, but so far there has been no official announcement of the engagement. Princess Patricia at present is cruising about the Mediterranean in company with her parents.

GREAT SPEED EXPECTED.

Savannah, Ga., March 17.—What promises to be one of the greatest automobile race meetings that has ever taken place in America will begin over the Savannah course near this city tomorrow. Preparations for the event have been going on for several months and are now complete. The course is in excellent shape. Enormous crowds of people are expected to congregate along the circuit, which will be thoroughly policed from end to end to prevent accidents. Grand stands for the accommodation of spectators have been erected at several points and seats at three dollars each are selling like hot cakes.

Famous racing automobiles, guided by the best drivers of America, are entered in the various events that up the programme. Among the drivers entered there are so many skillful, fearless and experienced men with cars of known power and speed, that it is considered useless to attempt to pick the winners. Thursday, which will be the big day of the meet, has been proclaimed a public holiday in Savannah.

RAILWAY OFFICIALS MEET.

Chicago, Ill., March 17.—Prominent railroad officials dealing with the construction and maintenance of track, roadway, bridges and buildings of the leading roads of the United States and Canada assembled in Chicago today for the annual convention of the American Railway Engineering and Maintenance of Way Association. While practically all of the members of the association are connected with railroad companies, the membership is an individual one, and not by railroad representation. The actions of the association are in the nature of recommendations only and not binding on the members or the railroads they represent. The purpose of the organization is the advancement of knowledge pertaining to the scientific and economical location, construction, operation and maintenance of steam railroads. The programme of the meeting covers three days and provides for the numerous technical papers and addresses.

BONAPARTE HIT BY PANIC.

Baltimore, Md., March 17.—Several Maryland farms belonging to Attorney General Charles J. Bonaparte were offered for sale at public auction in upper Marlborough today. The sale is understood to result from several financial reverses recently sustained by Attorney General Bonaparte. A banking firm where Mr. Bonaparte had a large deposit of money recently failed and he sustained a further loss through the bankruptcy of a personal friend, to whom he had made a large loan.

SAWMILL FIRE CONSUMED.

Largest Establishment in Mississippi Has Been Reduced to Ashes.

Hattiesburg, Miss., March 17.—The plant of the J. J. Newman Lumber company, the largest sawmill in the state, burned to the ground Tuesday morning, together with 5,000,000 feet of lumber. Loss is approximately \$200,000. Eight hundred hands are thrown out of employment.
